USG CEILINGSPUS PLUS® 2021 The USG Product Specifications contained herein are intended for use as product reference material by architects, engineers, contractors, building code officials, or other competent construction industry professionals having an interest in the selection, specification, and use of products manufactured by USG Corporation and its subsidiaries. These Specifications are intended solely as technical support incident to the sale and use of USG products and not intended to be a substitute for the review and approval of the licensed design professionals for the project. These materials may be printed and/or transferred electronically solely as needed by the user. Because electronic CAD & BIM files can be modified by other parties without notice or indication, any alteration of such files and their contents become the responsibility and liability of the design professionals for the project.
